

## Witness

30 Seconds To Mars

Witness, tell me.  
What you think of my life?  
Judge me. Jury.  
If I'm wrong or right

I've got secrets and lies,  
that would blow your mind  
You're the one who taught me not to love  
I'm the one who taught you say "no".

Away I go, away I go, away I am a ghost.

Jesus, save me  
I'm in love with this hell.  
Murder, madness,  
Can't escape from myself.

I've got secrets and lies  
that would change your life.  
You're the one who taught me not to love,  
I'm the one who taught you to say "no".

Slow down, slow down, slow down, don't let go.

Away I go, away I go, away I am a ghost.
