I been so locked in with this shit
It ain't nothin' they can do with a young nigga
I'm tryna be up on an island with your bitch
She told me I'm really her type 'cause she like rich niggas

I remember I would tell niggas check my music out
I'm tryna invite your main bitch just to kick her out
I know how these hoes get, they just fuck for clout
Around this bitch, it's just codeine, it ain't no water like a drough t

How the fuck you gon' change on me?
I'm the one you got the change from
I'm scorin' with and without a ball, nigga, and-one
The same ho that turned you down would fuck if you had your bands up
I like the way she ride, rollercoaster, put your hands up
The jackboys walked up in this bitch, put your bands up
She like the way my soda change colors, this a trans cup
That lil' nigga was scared, but told the hoes that he ran up
Kid fell in love with GLE, she want a Benz truck
When it come to hoes, sharin' is carin', let your friends fuck
Counted so much damn cash, fucked my hands up
That D'ussé in my cup, told her Wocky fuck my dance up
She ain't want me when I was down, but shit changed, now her chance u p
That nigga is my son, you can tell by his cadence
I'm just gettin' started, already feelin' like the greatest
Same niggas broke and bummy be the ones hatin'
But these be the same niggas y'all be datin'
Still ain't got no competition, I been waitin'
Y'all don't get compensation for bein' lazy
In LA, you can get smoked for talkin' crazy
Said she love rappers, crazy girl want my baby

I been so locked in with this shit
It ain't nothin' they can do with a young nigga
I'm tryna be up on an island with your bitch
Your bitch say she like me 'cause I'm a rich nigga

Yeah, your main bitch got ass, but she ain't shit
Bought a bag for my cash, but it can't fit
Yeah, y'all droppin' hella shit, but they not hits
I'm focused on myself and my biz
All these rap niggas weak, they my kids
He better hide his bitch, 'cause I can knock his
Solitary confinement, shit, I been locked in
