Chill light on my sight as my ego becomes
A funky child with some words on my tongue
Be like intake of breath and my mouth gets loose
So while I scatter my spit I dream of juice

Have you ever made out in dark hallways? Displayed a kiss that made your day or say Played a track from your record collection It's your mix congratulations

We've change a lot and then some, some You know that we have always been down, down And if I ever didn't thank you, you Then just let me do it now

I bet you light up when we start up the show Follow me now very closely 'cause I told you so You know we glow 'cause we throw sun-rays Yeah, we be freaky and we wanna stay

We've changed a lot and then some, some You know that we've always been down, down And if I ever didn't thank you, you Then just let me do it now

Lightning strikes yo we be in that violent force of light Guaranteed to turn it out as bad as dolomite 'Cause we're dope kid change like a chameleon and the Channel whenever the wack show Real World is on

You know we dazzle like ghetto box booming battles Rattle inside your head feel redeemed like cola bottles Fall in love with your teachers on the wax We are self made check the technique, 311 in L.A.

We've changed a lot and then some, some You know that we've always been down, down And if I ever didn't thank you, you Then just let me do it now

Keep my feet on the ground Keep my head in the clouds Electrified by the sound Comes from the down and

We've changed a lot and then some, some You know that we've always been down, down And if I ever didn't thank you, you Then just let me do it now
