

## Mountain Top

311

Well I'm known to go excessively  
Working on the next thing  
Not doing too badly  
Tried to catch a ride  
But the ticket too high hey

But I won't fall though  
Made a promise to Harlow  
And that's set in stone  
Tried to catch a ride  
But the ticket too high ey

Where's the compassion like back in day  
Slippin away slippin away  
Maybe I'm wrong it was never that way  
We never changed  
We never changed hey

Ooh-ooh-ooh-ooh  
Til the mountain top, I don't stop

Where did all the good people go  
In times like these  
Don't mind me  
Til the mountain top, I don't stop

Where did all the good people go  
But don't blame me  
Til the mountain top, I don't stop

It could simple  
Easier said than done  
Everything's at a tempo  
It's going too fast it's way to fast uh

It's a lot to swallow  
But there's no way round  
You could sit and wallow  
What ya gonna do  
What else ya gonna da ey

Where's the compassion like back in day  
Slippin away slippin away  
Maybe I'm wrong it was never that way  
We never changed  
We never changed

Ooh-ooh-ooh-ooh  
Til the mountain top, I don't stop

Where did all the good people go  
In times like these  
Don't mind me  
Til the mountain top, I don't stop

Where did all the good people go  
But don't blame me

Til the mountain top, I don't stop

Ooh-ooh-ooh-ooh

Ooh-ooh-ooh-ooh

Where'd it all go

Where'd it all go

Where did it all go

In times like these

Don't mind me

Til the mountain top, I don't stop

Where did all the good people go

But don't blame me

Til the mountain top, I don't stop

In times like these

Don't mind me

Til the mountain top, I don't stop

Where did all the good people go

But don't blame me

Til the mountain top, I don't stop

Til the mountain top, I don't stop
