Walk in the room and they shooting they shot  
All wanna fuck now that I got this guap

Ya I count up a rack  
Kill and attack  
She off the molly she starting to yack

Whipping it up in the coupe  
Life going crazy I'm stuck in this loop  
Wake up, count money then cook up some food  
Cook up your crew  
This how we do  
This how we move  
Might rob your bag cause there's nothing to lose  
I'm feeling sick like I just caught the flu  
(HA) Nah, put up my mood

Married to money the stack got my ring

Come to my table but watch what you bring

ICE ICE more on my watch  
Look how I'm moving I go to the top  
Cash flow and it's non-stop  
Can't trust nobody I can't trust a thot

Ignore the bullshit but know I'm not blind  
I see it all, I just work and I grind

Getting my check while I'm dressed up in Prada  
Tracks getting hotter
