

What I think about
Everytime I look into your eyes
What I miss about
Everytime we looked up at the sky
Could I live without
Everything you brought into my life
Would I sink without
Holding me and telling me I'm fine

What I think about everytime I look into your eyes
What I miss about
Everytime we looked up at the sky
Could I live without
Everything you brought into my life
Would I sink without
Holding me and telling me fine

Affection buried by your lies
Tension brought on by surprise
Had me looking in your eyes
And losing track of needing time
Wake up please just wake up
We just dreaming, it gon be ok
Wake up baby wake up
We just sleeping in a scary place
Wake up please just wake up
We just dreaming, it gon be ok

Wake up baby wake up
We just sleeping in a scary place

I'm falling for you
My mind is calling for you
And so I'm stalling for you, for you, for you

What I think about
Everytime I look into your eyes
What I miss about
Everytime we looked up at the sky
Could I live without
Everything you brought into my life
Would I sink without
Holding me and telling me I'm fine

What I think about
Everytime I look into your eyes
What I miss about
Everytime we looked up at the sky
Could I live without
Everything you brought into my life
Would I sink without
Holding me and telling me I'm fine

I'm falling for you
I'm falling for you
I'm falling for you
