

Eyes of Lies

36 Crazyfists

I love you
I hate you
The one that kills me
And without it
All bets off
Can't erase it, leave

Eyes of lies
Eyes of lies

Together
It's on
The one that held you
And we call
Your downfall
The one that separates

And nevermind
The state of mind
The one that makes me survive
Those are my...
Head of mine

These are eyes of lies
And drown in what

Huh!

New box sells
How breaking
Fuck king me, to you
It's only my insult
The one that keeps me safe

And nevermind
The state of mind
The one that makes me safer
Those are my...
Head of mine

These are eyes of lies
And drown in what

Eyes of lies
Eyes of lies
Eyes of lies
Eyes of lies

And nevermind
The state of mind
The one that makes me safer
Those are my...
Head of mine

And these are eyes of lies

And nevermind

The state of mind
The one that makes me safer
Those are my...
Head of mine

These are eyes of lies
And drown in what
