

Swear to God, I'm just sittin' here just waitin'  
Hopin' I'ma even get a text  
Now it's got me losin' all my patience

Yeah, you don't know how to be in love  
It's been years since [?] someone you were down to give your trust  
It's a voice that'll make you wanna shout it from above  
It's the only one within ya gettin' louder than your gut  
You don't know if it's your head or what reality brung  
You ain't used to catchin' feelings durin' casual fun  
This will have the same effect on you as gravity does  
Gettin' feelings, now you're feelin' that insanity come  
But all the photos we have about to go in the trash  
Once you got me in the frame was the moment you ran  
Instead of leading me along, you need to go with a plan  
'Cause I ain't fittin' in your picture till I know where I stand  
It's like, she doesn't wanna tell me that the vibe's disappeared  
If you say you're not feelin' it, I'm gonna let you go  
You were keen at the beginnin', but you've had to pull away  
And that's okay if you don't wanna, but you've gotta let me know, 'cause I

Swear to God, I'm just sittin' here just waitin'  
Hopin' I'ma even get a text  
Now it's got me losin' all my patience  
Goin' over everythin' I said  
Needa have a little conversation  
Needa go and get it off your chest  
Noticin' there's no communication  
But I can hardly talk (Yeah)

Now there's nothin' to say  
You could feel the vibe before, but now something has changed  
Well, I wonder what it is you've been strugglin' to tell me  
I'll be makin' up scenarios and none of it's great  
Got me spendin' every second over everything I've said  
And reading into every single text I'm gettin' sent  
The energy I'm gettin' I'm the messages I get is  
Everything was feelin' right, but it's definitely left  
And I don't know the reason, I'm not sure I wanna  
There's no communication, I'm not sure I'm gonna  
Maybe there is someone with a lot more to offer  
[?] bullshit, of course, [?] gonna  
We connected pretty quickly while jumpin' on one another  
And I know you're not denyin' the energy that had  
So it's really unexpected to get all these mixed messages  
I really didn't think the reception was that bad

Swear to God, I'm just sittin' here just waitin'  
Hopin' I'ma even get a text  
Now it's got me losin' all my patience  
Goin' over everythin' I said  
Needa have a little conversation  
Needa go and get it off your chest  
Noticin' there's no communication  
But I can hardly talk

Now I hardly can talk

'Cause it doesn't feel the same as when we started at all  
Brushed off, next minute, you be askin' for more  
I been tastin' my own medicine, it's karma, for sure  
While we wanted one another in a physical way  
The vibe between me and you never had a real chance  
I'm disappointed this ain't work out between us  
I didn't think I'd fall, but I'm glad I still can

Swear to God, I'm just sittin' here just waitin'  
Hopin' I'ma even get a text  
Now it's got me losin' all my patience  
Goin' over everythin' I said  
Needa have a little conversation  
Needa go and get it off your chest  
Noticin' there's no communication  
But I can hardly talk
