

There ain't no limit to us now,
Cause Eventually always comes around,
Oh whether we die old or whether we die young,
gotta live it up till its gone
Live it up till its gone
Live it up till its

Had a cloudy head, yeah I know that
Since the fog cleared I'll never go back
And I'm grateful they shot me down or the person I am I would not be
now
Yeah, it ain't good to be bullet proof cause in the end that bullet w
ill be good for you
When I think of all the things that I wouldn't do now if it wasn't fo
r that one little bullet wound
That means you've gotta learn for mistakes and no one persons the sam
e
Don't run from anything that hurts you to face each step you take you
get further away
There was a time when I thought of giving up what I was living my lif
e for didn't come
Now I haven't got time for what I wouldn't die for I know that life's
short so live it up

Live it up till its gone (3x)
Got to live it up
Live it up till its gone (3x)
Got to live it up

Life's a journey I know that and it doesn't come with a road map
So you know to get though this maze along the way I made a few mistak
es
Ever since then i left it all behind, life's never been better
Head up in the clouds where it oughta be cause they say life's ordina
ry, but it not
Still for a minute I got in a rut, in prison I was limited and feelin
g stuck
Had my glass half empty had to fill it up now I think I want to get m
yself a bigger cup
That's how the cards are dealt will it stay that way,
only time will tell when I think I want to cry for help I just try to
remind my self

There ain't no limit to us now,
Cause Eventually always comes around,
Oh whether we die old or whether we die young,
gotta live it up till is gone
Live it up till its gone
Gotta live it up

I don't know what the future holds, I don't know if I'll achieve my g
oal

I just know life beautiful maybe thats cause I'm living it on cruise control
Cause truth be told it doesn't matter if you make the whole way up the ladder just as long as your living out your dream,
They used to me it was out of reach
But now I'm flying at a thousand feet never looking at the ground beneath see I got rid of all the doubt in me who I was ain't shit on what I'm about to be
Because growing up all I heard was the same story and if I don't learn well the blames on me so I started saying yes today to all the things I said no to yesterday

Oh whether we die old or whether we die young,
gotta live it up till its gone
Live it up till its
