

## Take Off (Lost Intro)

360

Here in the open  
We're together  
In spite of the chill  
In the weather  
Love knows no season  
Love knows no clime  
Romance can blossom  
Any old time

Yeah

Hey yo, it's me, myself and I, yeah, I'm back again  
I played the background, watchin' what's been happenin'  
I never thought when I was fucking up in school  
That this shit'd even work, if it doesn't, I'll be cool  
Even if, for now, I only manage to scrape by  
As long as I'm livin' off of rap, it's a great life  
So I'ma take my ways I create this  
And take time, cock back and aim at a great height  
This is it though, I'd better step forward and  
It's a chance to be forever airborne, but  
I'm never happy with the second best score  
While I'm chasin' after a dream, I never slept for, just  
To get my rap on, talkin' about whatever I have done  
Find believe even when I have none  
So fuck it; I'm about to have fun  
And not think about this life, 'cause we only have one

I'm sorry that I'm so late, yo, I slept in  
You can't blame me; I was havin' the best dream  
I was watchin' my life up on a big screen  
Had the present on pause, flickin' to the next scene  
It had me and everybody comin' together  
Sky high while we runnin' to heaven  
Let me take you to a place where it's summer forever  
So there'll be no chance in hell of feeling under the weather, but, look  
I know that I can be whatever I believe  
I keep my feet grounded and bring the sky to me  
Most people have grown egos  
But it's so see through, I'll show there's no need to  
Even go that route  
I did it before, but see I know that now  
But, see, I know it's hard, but I laugh in the face of death  
While livin' life on the edge without a safety net, let's go

Either the sky is fallin' down  
Or that's me flyin' up again  
The sky is fallin'  
I see the sky is fallin' down  
Or they got me goin' up again  
The sky is fallin'  
I'm fallin' again

See, I know that it's a fight to the top  
And any other day, yo, you're likely to flop  
Some lies will arise in your eyes and entice you to stop  
But the sky is the prize that I want  
And how to show my style and to boast my skill

And I don't know how, but I know I will  
'Cause I have to be the best  
It's win win for me, 'cause rap relieves the stress  
The industry now is in a big crisis  
It's innocently down by these kid pirates  
And if you listening now and think this shit's fire  
Stop being ignorant now, you think it's sick? Buy it  
Uh, I understand if you don't buy it  
Supporters need the supporters who go find it  
But for now I'ma go fly, end up so high  
That you won't find me, so don't try it

Either the sky is fallin' down  
Or that's me flyin' up again  
The sky is fallin'  
I see the sky is fallin' down  
Or they got me goin' up again  
The sky is fallin'  
I'm fallin' again

'Cause even when I'm fallin', I'm flyin'  
The sky is fallin'  
'Cause even when I'm fallin', I'm flyin'  
I know you're tryna call me  
Down, down  
(The sky is fallin') Before the sky can reach the ground

Either the sky is fallin' down  
Or that's me flyin' up again  
The sky is fallin' (Fallin')  
I see the sky is fallin' down  
Or they got me goin' up again  
The sky is fallin' (Fallin')  
I'm fallin' again

Sky is fallin'
