

Long distance affair  
Can't you hear my heart keeps calling for you  
It's hard to show that I care  
It's hard to tell if you want me there  
I call your name there's no reply  
Don't you feel the same?  
Can't you hear my heart calling you?  
I got love on the line but I can't get through

Sometimes love don't seem fair  
Guess I was wrong, thinkin' you would always be there  
I must be dreamin'  
I thought I had you feelin' the same  
I'm callin' your name

Long distance affair  
With just a spark you stole my heart from me  
No one ever compared  
We'll never touch the memories  
I call your name there's no reply  
Don't you feel the same?  
Can't you hear my heart calling you?  
I got love on the line but I can't get through

Whatever your friends may say  
What's it worth to you anyway  
You can listen to them and throw it away, yeah  
If you're thinkin' how it might have been  
Don't think of me like I'm one of them  
'Cause friends like that you got no one at all  
There's love on the line, baby answer the call  
'Cause you know that I love you, can't let go  
Baby can't you hear my heart

I keep on calling your name, there's no reply  
Don't you feel the same?  
Can't you hear my heart calling you?  
I got love on the line but I ain't got you  
Can't you hear my heart calling you?  
I got love on the line but I can't get through to you  
Tell me it's true
