

# Throw Out the Line

.38 Special

Whoa

I'm runnin' around in a circle  
Never know where to stop  
'Cause I'm lookin' for a special kind of lady  
Hopin' that she'll change my luck

I took a chance, asked you to dance  
Wanted just to take you home  
I'm holdin' steady, I know I'll be ready  
Will you be comin' if I call?

Throw out the line  
And make a believer  
Just give me the time  
You know I won't leave ya  
Someday you'll be mine  
I can't give you up  
Throw out the line  
Oh, won't you throw out the line

So I, I make my move, I might break all the rules  
The strategy's my only game  
I can't fake it, my heart won't take it  
I'm hopin' that you'll feel the same

Throw out the line  
To make a believer  
Just give me the time  
You know I won't leave ya  
Someday you'll be mine  
I can't give you up  
Throw out the line  
Won't you throw out the line

Uh

To make a believer  
You know I won't leave ya  
I can't give you up  
Won't you throw out the line

So I, I make my move, I might break all the rules  
The strategy's my only game  
I can't fake it, my heart won't take it  
I'm hopin' that you'll feel the same

Throw out the line  
To make a believer  
Just give me the time  
You know I won't leave ya  
Someday you'll be mine  
I can't give you up  
Throw out the line  
Won't you throw out the line

Woah, throw out the line

To make a believer  
Just give me the time  
You know I won't leave ya  
Someday you'll be mine  
I can't give you up  
Throw out the line

Throw out the line  
To make a believer  
Just give me the time  
You know I won't leave ya  
Someday you'll be mine  
I can't give you up  
Won't you throw out the line
