

## Can't Show Love Pt. 3

38 Spesh

Nah'm sayin'?

Y'all niggas gotta stop playin' both sides of the fence, man

Ayo, y'all think it's all metaphors

But it's pain inside my bars, my heart got several scars

Huh, it's on if I said it's war

You my dawg, an enemy of mine should never be a friend of yours

These niggas act like jealous broads

I'm confused, how these old dudes goin' through menopause?

Huh, I'm worried bout credit scores

Y'all not, the last property I copped got eleven doors

Big chains at the main events

It's strange how your loyalty came and went

Ain't shit changed, all my whips came with tints

These guys play both sides, try to blame the fence

Huh, I'm happy I ain't servin' junkies still

Got a bunch of skills that'll pay my monthly bills

It's like I'm runnin' up a bumpy hill

I can't be friends with niggas that's friends with niggas that want me killed

I gotta love you from a distance

I can't let you let me down

Pick a side, my nigga, pick a side

Thought you was my dawg, I was misadvised

'Cause when we went to war, you ain't pick a side

Huh, I heard my enemies servin' my friends drugs in the trenches

Can't be my man if your plug is against us

Some people gon' put money above friendships

That's why you gotta show 'em love from a distance

I been showed y'all that my love's unconditional

Help niggas out with stuff I don't wanna mention

Sometimes showin' love can become expensive

When a guy playin' both sides of the fences

Sittin' courtside, spendin' time with my princess

Why y'all offended? I'm mindin' my business

Bullshit that you niggas dyin' over, senseless

And playin' for both teams a conflict of interest

I don't wanna question your loyalty, but I need to

'Cause I'm beefin' with a nigga that feeds you

It's like I'm runnin' up a bumpy hill

I can't be friends with niggas that's friends with niggas that want me killed

I gotta love you from a distance

I can't let you let me down

Pick a side, my nigga, pick a side

Thought you was my dawg, I was misadvised
