Oh, oh, oh, right?

Yeah, uh, nah'm sayin'?

I just continue to spit my life to this shit, nah mean?

Haha, right? All my niggas still gon' feel this, ya nah'm sayin'?

ALL day, you know?

Let's go

Right, uh, yo, uh

Listen

Guess we was never friends

When I was broke the relationship was better then

It's funny how shit change now the cheddar end

Now I got to cock the thing 'fore I let 'em in?

Do I let 'em in? Do you remember when we was both peddlin'

No intelligence on the game, we both settled in

I grew close to coke veterans

Took notes on how to cook coke and other things of those elements

Before you knew it I was wholesaling it

Tried to front it to you but you was still sellin' it

I still had love for ya, like a close relative

I never thought that you'd be on some old jealous shit

Watching my moves like where I keep my money

You know shit is strange when you start speakin' funny

No matter what I do, it's never enough

A nigga can't hide the jealousy stuff

It's fucked up, when we was both fucked up?

You never would fuss

It's like the situation changed now the cheddar is up

Is it 'cause I dogged the hoes you never could fuck?

Did I do something to you that we never discussed?

I got here 'cause of my grind, it never was luck

You had the same opportunity but never come up

No matter how much I do, it's never enough

No matter how much I look out, it's never enough

Let's go
