

Heartless

38 Spesh

Must be why I'm so cautious (yeah)
Entertain for the bosses (yeah)
I became so heartless (heartless)
Taking all these losses (yeah)
I get like that
I get like that
Though it hurts so bad
The sun may shine tomorrow-ow, yeah

Grind the [?], walking drug pharmacy
Hit the blocks with rocks stuffed in the pocket of my farmer jeans
Base heads like the Living Dead, like a [?] fiend
Greasy thumbs, goofy music, stupid, I fondle green
Made her a serenade as soon as the piano play
And for that Sante Fe I handled it the vandal way
Heavyweight, nigga, when I move the mantle shake
Anytime I ran out of cake a nigga gambled weight
And master MP3G was my sample rate
Both hands shining with Toucan Sam diamonds
Two pots boilin' and we buku grand grinding
We make noise, don't let them boys in the van find him
Wasn't no hand-signing, man lying, they ran and [?]
4-4, nose burnt a hole in the pants lining
G spitter scripture with the mixture like the arms of Krishna
The hasty llama click a biscuit, pass the Don his liquor

Must be why I'm so cautious (yeah)
Entertain for the bosses (yeah)
I became so heartless (heartless)
Taking all these losses (yeah)
I get like that (I get like that)
I get like that (I get like that)
Though it hurts so bad
The sun may shine tomorrow-ow, yeah

Ayo, I don't know what a record label advance is
Huh, still chilling with naked dancers
In the streets no passes, second chances
Life is a test, these niggas is guessing answers
The cause of the drama came from the credit cards on the counter
Bought the Porsche from North Carolina
Flows hard with no regard to the honor
Fly as hell in jail, up north in designer
Thank God for a mama, I called her collect
Her daughter upset, I came home and bought her a Lex'
I was a real little nigga when I walked up the steps
A boss and a vet, a lot of niggas lost what I kept
Huh, I never thought that I'd be getting booked for shows
Been through more hard times than the Book of Joe
A lot of hoes that I know took the pole
And made more dough than niggas that was cooking O's
Huh

Must be why I'm so cautious (yeah)
Entertain for the bosses (yeah)
I became so heartless (heartless)
Taking all these losses (yeah)

I get like that (I get like that)
I get like that (I get like that)
Though it hurts so bad (though it hurts so bad)
The sun may shine tomorrow-ow, yeah

Ow yeah (ow, yeah)
Ow yeah (ow, yeah)
Ow yeah (ow, yeah)
The sun may shine tomorrow-ow, yeah
Ow yeah (ow, yeah)
Ow yeah (ow, yeah)
Ow yeah (ow, yeah)
The sun may shine tomorrow
Yeah, yeah
Yeah, yeah
