

Just because I'm lit they wanna show me love  
Just because I'm rich they wanna show me love  
They don't want smoke, don't want no war with us  
Bodies droppin' left and right, call the coroner  
Smokin' indo, ridin' in the Benzo (Skrrrr)  
Doin' drive-bys, we out the window  
I'm really gettin' rich can't even hold you up  
Me and my niggas gettin' money I can't hold you up

I'm heavy on the hip, I keep the Desi burned  
Six figure niggas playin' on the curb  
Drive-by six niggas layin' on the curb (Skrrrr)  
Momdukes cryin' lookin' so disturbed  
Gang shit, all I know is gang shit  
And now you on the news they made you famous  
That's how it is in the streets can't even hold you up  
When you got enemies I can't hold you up  
I'm really G-Wagon I can't hold you up (Skrrrr)  
I keep my pants saggin' I can't hold 'em up  
My bitch lookin' good in that Rover truck  
I get my dick sucked in the Bentley truck  
Diamonds dancin', bitches say I'm handsome, uh  
I'm smokin' weed in the mansion, uh  
I'm really gettin' rich can't even hold you up  
Me and my niggas stackin' chips I can't hold you up

Just because I'm lit they wanna show me love  
Just because I'm rich they wanna show me love  
But they don't want smoke, don't want no war with us  
Bodies droppin' left and right, call the coroner  
Smokin' indo, ridin' in the Benzo (Skrrrr)  
Doin' drive-bys, we out the window, uh  
I'm really gettin' rich can't even hold you up  
Me and my niggas gettin' money I can't hold you up
