

Hustle

38 Spesh

(Hit me)
(Bulletproof, leave a nigga with a bullet roof)
Please be clear, this is an invasion
(Bulletproof, leave a nigga with a bullet roof)
Green Lantern in the lab, the invasion
(Bulletproof, leave a nigga with a bullet roof)
38 Special
(Shoot ya in your mouth, Leroy, they call him bullet tooth)
It's a fuckin' invasion, you bastards

I never hide, keep a hammer by my side
Last nigga that tried thought about it then died (Bllat)
I show his insides, bullets end lives
When we ride, it's MAC-10s in ten rides (Bllat bllat)
If we not, it's a hundred and fifty, ten pies
Might be three hundred dependin' on the whip size
I duct tape six pies to a bitch thighs
Like, bitch drive, do the speed limit-

I never hide, keep a hammer by my side
Last nigga that tried thought about it then died
I show his insides, bullets end lives
When we ride, it's MAC-10s in ten rides (The Evil Genius)
If we not, it's a hundred and fifty, ten pies
Might be three hundred dependin' on the whip size
I duct tape six pies to a bitch thighs
Like, bitch drive
Do the speed limit, six-five
Bitch dies, hate to see a young shorty rise
Bonafied hustler, young sporty guy
I could have copped the 645
Instead I copped the CL, three bricks, and six .45s (Green Lantern)
Huh, uh, y'all niggas know my name
I was givin' out 'caine as raw as it came
Before I went and spent all them stacks on a chain
I had all them gats, very good aim
In fact, a nigga strapped, I pack a bigger gat
This rat-t-t-t-tat (Blaat) You niggas clap
Make stacks off flippin' crack, it's math when the fifth a clap
Add a couple shots, subtract and [?]
Rats admitted that, shit, they want me sleepin' on prison mats
Keep 'em from where I conduct business at
Uh, niggas wrong for the shit I'm on
'Cause I did it and get it, gone
While you niggas sit at home
I get stupid when I'm spittin' chrome
I'll leave his body with no fluids, just skin and bones
He ain't sprung, leave that snitch alone
That nigga wired
And he takin' flicks with his picture phone
Holla

Uh
(Bulletproof, leave a nigga with a bullet roof)
Uh
(Bulletproof, leave a nigga with a bullet roof)
Uh

(Bulletproof, leave a nigga with a bullet roof)
Uh
(Shoot ya in your mouth, Leroy, they call him bullet tooth)
(It's an invasion)
