

Trust, Huh?  
Know I mean?  
Samples of Raw, Samples of Raw Nigga  
Huh?  
Let's Go  
Ugh!  
Right  
Ayo

You know I stay with big pockets  
Made big profits  
Ain't ah strange to cop'n mercedez and watches  
And I still hate to hear lazy bitch gossip  
Oh  
Ya nigga broke? Then ya relationship toxic  
When you ship boxes  
It's ah strenuous process  
Used to eat loses  
Now they harder to digest  
This for the sneak thieves and robbers  
I un'leave my bricks in the house by theyself like they toddlers  
What's popping nigga?  
Oh you came here to talk?  
Or you cop'n nigga?  
Tell me how much you bought, huh  
I got something that would stop ya heart  
Tear ya block apart  
Just left the plug house with ah shopping cart  
Could care less if it's hot and dark  
My workers outside all the time  
Just drive through stop and park  
I sold rocks took alotta shorts  
Off bags  
Made my 1st thousand cash off my Momma porch  
We popping corks from the Ace-of-Spade  
Wit ah hundred killers  
That's enough hair-triggers to make ah braid  
Nigga I came up making plays  
The way I played the strip  
You would think I haven't ate in days  
I was locked up taking trays  
Now we breaking K's and we paid  
The seats of the Wraith is suede  
I'm the type nigga, ain't afraid  
I threw so many bricks outside  
I could've made ah cave  
But instead I made ah grave  
Putting money on niggas heads  
That old bread that ain't paid  
I made money  
Ain't save  
Reinvested what I made  
Now it's coming in from 8 ways  
Need plenty more  
I feed plenty poor people  
Threw something to me? and start a mini-war  
To the niggas that wanna send me off

I'm in a loft, top floor  
Across the street from city hall  
Trust!
