

Ayo
I was ah young nigga selling things
My role model was ah King with a dream from Medellín
My 1st brick, I was 17
Blue Benz' and Yellow Beam'
Praises due to the Elohim
I had problems that you never seen
This what the ghetto bring
We settle things letting metal scream
Undercovers know I'm mailing green
I was interrogated 14 times and I ain't tell ah thing
Stayed quite cause I know the law
Followed protocol
And got ah paid lawyer that I know to call
Niggas wanted me dead, over broads
I go to war with 2 shoulder straps
Look like they overalls
Huh', y'all ride in stolen cars
Can't hold ah charge
Knowing loyalty is a code of ours
I'm ah pimp, so I mold ah broad
I role with 3 hoes like ah bowling ball
Nigga I sold it all
I could tell that ya team fake
Never seen cake
Ya never win hating on ya teammates
I'm from ah place where they breed hate
To my enemies in the 'State
I pray ya get ah release date
Cause I hate to make beef wait
Ya send shots? guaranteed something back
It's like ah rebate
Now-a-days bitches be fake
Got ah ass
Is that an original ass or ah remake?
These hoes nothing but cheap-dates
I told her 'Meet me at Philippe's'
And showed up ah week late
Nigga I'm expected to be great
One of the hottest in the state
And that ain't nothing to de-bate
Trust!

Huh?
38 strategies of Raw is coming nigga
Know I'm saying?
5 shots
5 shots
38 strategies of Raw nigga
What?
February 1st
February motherfucking 1st it's going down
Know I'm saying?
Trust!
Trust!
