When I was nine years old I realized there was a road

At the end was a Pyrex pot full of gold

Tired of going to school on my older brother [?]

Show the neighbors love, cops don't get told

Cars in the cut that don't get drove

Shit, you go broke and that ho get bold

That bitch gon' leave you 'cause that bitch don't need you

My mom's said I should stop, but then again

Shit, I bought a Benz from supplyin' all my mother friends

Like Old Man Bill, we bought fifties

The first came, split this whole check wit' me

Agh

Where's the love?

(Somebody tell me)

Somebody tell me (Come on)

Where's the love?

(Where did the love go?)

Because we want to know

Where's the love?

(Oh, oh, oh)

Somebody tell me

Where's the love?
