Nigga got rich off dealing with sick fiends back then  
Now I'm in position to fix things from rapping  
You cats ain't active, you halfway trapping  
My man used to think the crack game was the fastest  
But weed make crack look average  
Green leaf changes belief like a Black Saint Patrick  
Huh, attack fake rappers  
You know we come to your show wearing backstage passes

From the way these shells fall, hope you pack rain jackets, nigga
