38 Spesh

Know what I'm saying, baby, like  
You already know what it is with me, like

What it's hitting for?  
I'm just looking for a nympho  
A freak ho that gon' bust it when the rent due  
You are not the wifey type, so don't pretend to, nah  
Them bitches, they ain't got no cheddar  
Them niggas, they did not know better  
Yeah, I'm a crocodile toe stepper  
She want to take advantage of me and I might let her

Ayo

I put 30 grand in my bitch bank, she was straight from college  
You ain't got to make promises when you make deposits  
I want to fuck your friend, at least think about it  
What's the use of having conversations if I can't be honest?  
See I used to be broke, had to take consignment  
Could take a half egg of dope and make an omelette  
To get control, all it takes is timing  
Now I got three hoes trying to take my soul like I'm Frankie Lymon  
I was searching for a place that's private  
When you're getting money out of state, got to get a place to hide it  
I found one, I feel safe inside it  
Still bought a 6-foot safe and put another safe inside it  
Niggas dying to make a dollar  
I'm dying to make an example out somebody, so create a problem  
Fully prepared just in case of drama  
That's how it is when you're getting money and fucking niggas' baby mommas  
Trust

Yeah, yeah, yeah, yeah, I'm who you're looking for  
The one you bring the pussy to, the one you're cooking for  
Come on, baby, let me put you in a figure four  
Leg lock, pussy like a headshot, ah  
We gon' do the shit just like we're supposed to do  
Pop a couple [?] and I'll get close to you  
If you got a kid, I got a baby too  
If I pull a Benz, you drive Mercedes too  
She [?] my hustle, but I won't wife her  
Daddy a trapper, so baby a swiper  
Yeah, yeah, hit a [?] for that Gucci shit  
Whole world watching on some Keyshia and some Gucci shit  
We got haters, better swerve that  
Jealous bitches talk, don't say a word back, baby  
And I know you heard that  
Vacation in Jamaica, you deserve that, baby
