

All On Me

3Breezy

In a drop top when we pull up to the scene, aye aye
Make 'em chacha when we slide through with a beam, aye aye
Fuck a nice guy, she love that nigga that mean, aye aye
The bed rock, and them legs lock, it's all on me
Love when we riding through the sunset
Say you fell in love well little baby you ain't seen nothing yet
I'm about my business I play with it like a drum set, aye yeah
Baby it's all one me

She my demon queen my little Scorpio
She play with them drakes ain't talking OVO
Nigga talking slick but they don't know me tho
Always end up tweaking now they missing how the story go
Bad she a diva
I shot my shot while they watching up in the bleachers
I love her smile its one of my favorite features
Left them other bitches alone cause you a keeper

In a drop top when we pull up to the scene, aye aye
Make 'em chacha when we slide through with a beam, aye aye
Fuck a nice guy, she love that nigga that mean, aye aye

In a drop top when we pull up to the scene, aye aye
Make 'em chacha when we slide through with a beam, aye aye
