Damn, Breezy he at it again  
I know a couple nigga hit threes  
And they only going shoot till he dead  
Bang bang bang  
Only ride with the gang gang gang  
And we doing the same damn thing  
Only aim for the dome dome we ain't hitting no legs  
We gon'' bust at that brain brain brain  
Ooh, baby be loving the vibe  
She wanna fuck cause she know that I'm lit  
Sorry to tell her I ain't never no bitch  
We ain't cuffing no bitch, say ooh  
Said I'm different breed  
Who really fucking with me  
No they ain't fucking with three

We catch a Lyft to party  
Know we going turn up the party  
Tweak and might shoot up the party  
Bro off the perk, got 'em going retarded  
I might have to break her little back like  
Let's make a movie no action  
Bitch must have thought I was cappin  
After we fuck ain't no chilling relaxing  
Tell 'em cool me down cause bitch I'm hot  
When the pack touch down I'm in your pot  
If he out of bounds we blitz the spot  
We in the mix  
I'm with the prettiest bitch  
Pumping my seeds in her pumpkin  
He drop a diss, my nigga load up the clip  
And pop out to all of you functions
