

Am I Wrong?

3Breezy

This is what you wanted, right?
You just want to know so bad where I stand with you
Hehehe... For you? Oh—

Fuck you and I stand on it
I'll say it again
Once you see what it really is, don't try to make amends
I had it all mapped out, but you had other plans
And that goes to show—I should've left you as a friend

Am I wrong?
Tell me if I'm wrong
Please correct me if I'm wrong
...I don't hear nothin'
I don't hear nothin'—I don't hear nothin'

I was tryna show you, we livin'
How many nights we had a ball
Making love in the kitchen?
Then it's the vibe was throwing me off
I had to go give me my distance

Put you to sleep, then
Went to your phone
I'm looking at all these bitches
Where was you at last Friday night?
Told me they was trippin' tell me what my girl
That girl be poppin' the pussy for days
That bitch is a liar

Do I look stupid? Be honest
What made you think you would try?
You really didn't think I would find
You must forgot I retired

Thought that would be the game
But then you played okay you did it
I didn't need some dirt up in my past
Guess I can't get mad
About lacing up these old white forces get my get guitar back

It's gonna hurt way more without my presence
You gon' feel that
Absence speaks louder than words ever could
No hate on my side, I wish you better
I pray to God one day you get your shit together
But still—I say my prayers

Still for you forever
Still for you forever

Fuck you and I stand on it
I'll say it again
Once you see what it really is, don't try to make amends
I had it all mapped out, but you had other plans
And that goes to show—I should've left you as a friend

Fuck you and I stand on it
I'll say it again
When you see what it really is, don't try to make amends
I had it all mapped out, but you had other plans
And that goes to show—I should've left you as a friend

Oh, oh...
Tell me if I'm wrong
Please correct me if I'm wrong
