

# Move On

3Breezy

(JP Productions)

Look into your eyes and all I see is broken pieces  
I know it's hard and you don't really wanna leave him  
You said you love him, but tell me, what's the reason?  
Look how he treat you like you worthless, got no meaning  
'Cause if he really love you, then why you feel alone?  
Why he don't pick you up when you feel weak and build you strong?  
You try to make it work, but y'all just never get along  
I know that shit get hard, but baby, you gotta move on

I know that y'all got history, but where the loyalty?  
Know you a queen, but you not treated like you royalty  
And he don't give a fuck, he don't cater to your anxiety  
Don't care about your problems, so you suffer through it silently  
I know you don't wanna leave because you don't wanna be dolo  
Sometimes it's best to be alone and rockin' solo  
If he don't wanna change you for the better, what he 'round for?  
He only keep you 'round  
'Cause he know that you gon' come when he want you  
Get anything he ask for  
You let him take advantage, he gon' treat you like an asshole  
And what I say might hurt, I know that this ain't what you asked for  
But I'm just tryna help you leave that bitch up in the past

Look into your eyes and all I see is broken pieces  
I know it's hard and you don't really wanna leave him  
You said you love him, but tell me what's the reason?  
Look how he treat you like you worthless, got no meaning  
'Cause if he really love you, then why you feel alone?  
Why he don't pick you up when you feel weak and build you strong?  
You try to make it work, but y'all just never get along  
I know that shit get hard, but baby, you gotta move on

If you lookin' for motivation, let me remind you  
You made it this far up in life, no one beside you  
Made it through hell with no one there for you to cry to  
So why you gon' trip 'bout a nigga who ain't got shit to offer?  
Please don't trip 'bout a nigga who just gon' make your life harder  
See you makin' them money moves and you move a lil' smarter  
Somewhere deep inside you, I peep you found it  
Negative energy, you don't wanna be 'round it  
He see you doin' better and now he want back in your life  
But please don't let him in  
I hope this feeling last forever  
Baby just do your thing, I wanna see you win
