

Down For Life

3LAU

Tell me are you on your way?
Been waiting here all day
Tryna get this weekend started
Tryna catch my break
I've been holding back
Tryna make it through
I don't wanna party
I just wanna conversate with you

I'm talking 'bout love
I'm talking 'bout life
I'm talking 'bout all the things that you need
I'm talking 'bout all the things that you like
I'm talking 'bout trust
I'm talking 'bout ride or die
I'm talking 'bout you and me
I'm talking 'bout down for life
We'll need no time just to do what we do
I just want my drug and that means I want you
I'm talking 'bout love
I'm talking 'bout ride or die
I'm talking 'bout you and me
I'm talking 'bout down for life
Oh-oh, oh

Pour another shot
Anything you want I got
That song you like on repeat
Let your hair down and let's rock
Time to celebrate
All the things you do
I don't wanna party
I just wanna get it right witchu

I'm talking 'bout love
I'm talking 'bout life
I'm talking 'bout all the things that you need
I'm talking 'bout all the things that you like
I'm talking 'bout trust
I'm talking 'bout ride or die
I'm talking 'bout you and me
I'm talking 'bout down for life
We don't need no club just to do what we do
I just want my drug and that means I want you
I'm talking 'bout love
I'm talking 'bout ride or die
I'm talking 'bout you and me
I'm talking 'bout down for life
Oh-oh, oh

I'm talking 'bout love
I'm talking 'bout life
I'm talking 'bout all the things that you need
I'm talking 'bout all the things that you like
I'm talking 'bout trust
I'm talking 'bout ride or die
I'm talking 'bout you and me

I'm talking 'bout down for life
We'll need no time just to do what we do
I just want my drug and that means I want you
I'm talking 'bout love
I'm talking 'bout ride or die
I'm talking 'bout you and me
I'm talking 'bout down for life
Oh-oh, oh
