

Walk Away

3LAU

I can see it in your eyes
All the years that passed us by
Just say
You remember all the times
All the memories we hide
Away

So now you're here with me
She's waiting patiently
'Bout what you say

Tell me I'm not crazy
That you feel the same
Oh, don't you walk away
How can I make you stay?
Tell me you've been waiting
That I'm not too late
I never walked away
How can I make you stay?

I never walked
Too late
I never walked
Make you stay
I never walked
Too late
I never walked
Make you stay
Make you stay

Tell me what I got to do
Show me what I got to lose
For you
This be too soon
How can I make you chose?
Your move

So now you're here with me
She's waiting patiently
'Bout what you say

Tell me I'm not crazy
That you feel the same
Oh, don't you walk away
How can I make you stay?
Tell me you've been waiting
That I'm not too late
I never walked away
How can I make you stay?

I never walked
Too late
I never walked
Make you stay
I never walked
Too late
I never walked

Make you stay
Make you stay

Make you stay
Make you stay
Make you stay

Tell me I'm not crazy
That you feel the same
Oh, don't you walk away
How can I make you stay?
Tell me you've been waiting
That I'm not too late
I never walked away
How can I make you stay?

Make you stay
I never walked
Make you stay
I never walked
Make you stay
I never walked
Make you stay
I never walked
Make you stay
