

## Crush On You

3LW

Yeah  
Yeah, yeah  
Yeah  
Yeah  
Yeah, yeah  
Yeah

Boy, I got a crush on you  
My dad would kill me if he only knew  
Naughty things going through my mind  
When I think of you  
Boy I'm diggin' you  
My dad would kill me if he only knew  
Babygirl's been puttin' it down  
When he ain't around

I bend some of the rules  
When it comes to you  
You make me wanna do  
(All the things that he said not to)  
I call you on the creep  
Late at night when my pop's asleep  
Gotta keep in on the low  
Can't let my daddy know

Boy, I got a crush on you  
My dad would kill me if he only knew  
Naughty things going through my mind  
When I think of you  
Boy I'm diggin' you  
My dad would kill me if he only knew  
Babygirl's been puttin' it down  
When he ain't around

Is this some crazy dream?  
Can't stop the way I feel  
When I'm alone with you  
The pressure is for real  
I'm feelin' all these ways  
I never felt before  
Come here and close the door  
A kiss is what I been waiting for

Boy, I got a crush on you  
My dad would kill me if he only knew  
Naughty things going through my mind  
When I think of you  
Boy I'm diggin' you  
My dad would kill me if he only knew  
Babygirl's been puttin' it down  
When he ain't around

Keelay is, the one gettin' the busiest  
Far from the silliest  
Tell me, are you feelin' this?  
Not just for little kids  
Little Women be strong enough

We rock long enough, for real  
But the ones that been waitin' to drop  
They say "yo, shorty rock  
She be makin' it hot"  
You know, A.G. know  
Toy, she know  
Little Women, 2000  
You know how we go

I'll take my chances boy  
When it comes to you  
Just name the time and place  
Do what I gotta do  
My heart is sayin' yes  
My mind is sayin' no  
I'll risk it all for you  
Daddy don't have to know

Boy, I got a crush on you  
My dad would kill me if he only knew  
Naughty things going through my mind  
When I think of you  
Boy I'm diggin' you  
My dad would kill me if he only knew  
Babygirl's been puttin' it down  
When he ain't around

Yeah  
Yeah, yeah  
(I got a crush on you)  
Yeah
