

Eyes Closed

3OH!3

I can do it with my eyes closed..
All my life - I've always known
I've got the touch - it's so easy
I can do it with my eyes closed
Yeah it feels right - take off your clothes
Turn off the lights - it's so easy
I can do it with my eyes closed

Motherfucker, this shit is Dubai - this shit is Dubai
We the biggest in the game - we the highest in the sky
Yeah bitch - black belt - kick it like karate
Do it blindfolded - call me Mr. Miyagi

Always happy endings - even if they don't massage me
Always happy endings cause there aint no way to stop me
Yeah we standing up high like we on sky scrapers
Hey little lady - would you like to be my neighbor?

All my life - I've always known
I've got the touch - it's so easy
I can do it with my eyes closed
Yeah it feels right - take off your clothes
Turn off the lights - it's so easy
I can do it with my eyes closed

Yeah we deeper than that Mariana Trench
Get up on you like that marijuana stench
You think you dealing with a player off the bench?
You try to bolt on me - I aint a fuckin wrench

Sky high - stratosphere - mile high above
Been running this shit since I was old enough to run
Sky high - stratosphere - mile high above
I run this motherfucking til kingdom come

Yeah we standing up high like we on sky scrapers
Hey little lady - would you like to be my neighbor?

All my life - I've always known
I've got the touch - it's so easy
I can do it with my eyes closed
Yeah it feels right - take off your clothes
Turn off the lights - it's so easy
I can do it with my eyes closed
