I'm on the microphone

I praise the Lord that I'm no longer a vandal

Kiss my daughter goodnight, then I light a white candle And sit back and meditate Evaluate, appreciate 'Cause I didn't have to be here, on wax Unveling a truth with proof of all facts

'Cause in my life I see the life of many others Various shades of colors, sisters, brothers And once my soul leaves my bodily shell I believe to receive a new vail Of some concious subconcious abode

Chose by few on the positive road

A man is judged by the goodness of his heart

So who's to say who's dumb and who's smart?

Aiyyo Serch, I came to hear you speak

(What up?)

Get on the mic and flaunt your microphone technique

I'm on the microphone

Watch me shine till it's time for sundown
I had a scuffle with a kid it only went one round
I got a girl so there's no need to sex a hoe
But I gas 'em up just like they're at Texaco
Ring goes my phone, so I pick it up and say, what up?

Somebody's flippin', so I tell him to shut up We'd use a F word, but Ice Cube got the copyright So I'll make it, "Funky For You" with Greg Nice And his partner Smooth B Watch the Superbowl, just for Bud Bowl III

Then I watch 'Living Colour' 'cause Homey don't play dat Money like my honey in my crib and it'll stay that way The equality variety You don't like it then you're gonna join the Dead Poet's Society Try to flip on what this quartet speaks And Serch will disperse, the microphone techniques
