

Brotherhood

3T

United we stand
Divided we fall
So it is in the brotherhood
In the brotherhood
Brotherhood
Forever we'll stay
Together and strong
Growin' up in the brotherhood
In the brotherhood
Brotherhood

Say, brothers are your best friends
By your side until the end
Always there to lend a hand
And do all they can, yeah
See, brothers stand tall
All for one and one for all
I'll do all that a brother could
To make it good in my brotherhood

United we stand
Divided we fall
So it is in the brotherhood
In the brotherhood
Brotherhood
Forever we'll stay
Just together and strong
Growin' up in the brotherhood
In the brotherhood
Brotherhood

I'll be there for them
Whenever they're in need
We share a common band
You see, I learned it from a brother
And I taught it to my younger
I realize that life is hard
And it has it's ups and downs
There's no need to worry 'bout a thing
'Cos I know all is good in my brotherhood

United we stand
(united we stand)
Divided we fall
(divided we will fall)
So it is in the brotherhood
(brotherhood)
In the brotherhood
(brotherhood)
Brotherhood
Forever we'll stay
(forever we will stay)
Together and strong
(together and so strong)
Growin' up in the brotherhood
(in the brotherhood)
In the brotherhood

(in the brotherhood)
Brotherhood
United we stand

Divided we fall
(divided we will fall)

So it is in the brotherhood
(in the brotherhood)
In the brotherhood
(brotherhood)
Brotherhood
(brotherhood, yeah)
Forever we'll stay
(forever we will stay)
Together and strong
(together and so strong)
Growin' up in the brotherhood
(in the brotherhood)
In the brotherhood
(in the brotherhood)
Brotherhood

That special bond
That hold us three as one
Makes me feel so good inside
It makes me feel so strong
I'll never turn my back on them
As long as I live
And whenever I have a problem
I know to rely on my brotherhood

'Cos united we stand
Divided we fall
So it is in the brotherhood
In the brotherhood
Brotherhood
Forever we'll stay
Together and strong
Growin' up in the brotherhood
In the brotherhood
Brotherhood

United we stand
Divided we fall
So it is in the brotherhood
In the brotherhood
Brotherhood
(The hood of love, yeah)
Forever we'll stay
Just together and strong
Growin' up in the brotherhood
In the brotherhood
Brotherhood

(repeat chorus to end)
