

Girl I knew, the moment that I saw ya
It had to be love
Cause ever since, you've been, always on my mind
I can't stop thinking of you
And I know that you're scared, girl
But it's going to be ok, darling, going to be ok..
Cause I know
This feeling I have, for you is never gonna change, no babe
So baby baby baby

Just take my hand (take my hand)
Let me got you, to this place
That's just like heaven,
You're so beautiful to me
And I want the world to see
I love you

Lay(-hay) down and don't be scared
You know I'll never hurt ya (Imma never hurt you)
T'night it's just us, you and me
Let's make this last forever
We...just get...hot girl...we'll find us a way

I know you're scared girl
But it's going to be ok, darling, it's going to be ok
Cause I know, cause I know one day you will be mine
Oh mine, Oh mine

Just take my hand (come on take my hand)
Let me got you, to this place
That's just like heaven,
You're beautiful to me
And I want the world to see, I love you, I love you

Just look deep inside my heart
And you will see that everything's about you
You're everything this men could ever want
To have you here for eternity
You're all that matters to me

Just take my hand (taaaake myyy hand)
Let me got you to this place (just like heaven)
That's just like heaven,
You're so beautiful to me
And I want the world to see, I love you
I love you babe, It's true

You're so beautiful to me
Want the world to see
I love you
You're everything I need yeah

You're beautiful, you're beautiful
I want the world to see, I love you
You are all the things I need oh baby
You're beautiful, you're beautiful
I can tell the world, I love you, I love you

If you take my hand, I will never let it go
