

Dogmatic chiefs  
Inseminate you with frozen beliefs  
Bowing down to  
Bureaucratic thieves  
Selling to you the illusion of free  
Playing the fool  
With ego conceit  
Distracting in you  
From a world of deceit  
Molesting what's true

The atrophy of season  
Is locked in ice  
The death of reason  
Is a stagnant life  
This spiritual treason  
Is negation of light

Its going nowhere  
Its growing with your fear  
Its going nowhere  
Its growing with your fear  
Its going nowhere  
Its growing with your fear

Its growing with your fear  
Its growing with your fear
