

# Plutonomicon

3TEETH

As I come closer to you  
Your surface, I will split in two  
Sink my claws inside with purpose  
Drawing poison to the surface  
Unveiling forms of ancient hate  
Faceless fabric of the state  
The majesty of decay  
Guided by Persephone

I'm inside of you  
Deeper than you ever knew  
Now it has begun  
The plutonomicon

Rotting from the inside out  
Purified by sense of doubt  
Unearthing every inner truth  
Aeonic change, I shall induce

I'm inside of you  
Deeper than you ever knew  
Now it has begun  
The plutonomicon

Collecting everything I gave to you  
And now it's time to pay everything to me

On the fourth day of the seventh month of year 248  
Death shall reappear upon chariot of ice and skin made of snake  
Behold his snout and staff of two  
Forcing end of an order that's outlived its truth  
Piercing hearts, piercing minds, piercing flesh of hand  
The reigns of old losing grip of its command  
Saturn's last reach retracted from stillness  
We bring forth new life reborn from the ash of illness

No fate, no fucking escape  
Everything is far too late  
Cut you open, remove your name  
Desecrate your DNA

I'm inside of you  
Deeper than you ever knew  
Now it has begun  
The plutonomicon
