

## Dolphins Cry

### 4 Strings

Swim the deep blue water  
Hungry times for you  
Searching for  
A different point of view  
If I've always believed in  
You and I  
Now that you are leaving  
I hear dolphins cry  
Angels are passing by  
When dolphins cry  
I saw you wave goodbye  
I hear dolphins cry

Swim the deep blue water  
To find another you  
On my own  
There was no room to move  
Cause all the tears I given  
Became alive  
And now that you are leaving  
I hear dolphins cry  
Angels are passing by  
When dolphins cry  
I saw you wave goodbye  
Don't throw it all away  
I hear dolphins cry  
Don't throw it all away  
I hear dolphins cry  
Angels are passing by  
When dolphins cry  
I saw you wave goodbye  
When dolphins cry
