

## Turn It Around

### 4 Strings

Turn it around, baby  
Spend more time with me  
Try to believe you  
Try to believe you...

Turn it around, baby  
Spend more time with me  
It's getting insane, I know  
Let it not be true...

Turn it around baby...  
Turn it around...

I need you  
I can only be myself with you  
I need you  
I can only be myself with you  
I can only be myself...

Turn it around

Turn it around, baby  
Let us break the rules  
You know I need you  
I need to feel you

Turn it around baby  
And find me here  
Waiting for you babe  
only for you babe

I need you  
I can only be myself with you  
I need you  
I can only be myself with you  
I can only be myself...
