

## What Matters Most

4 Strings

In the day of night,  
I call your name  
still so much,  
I have to say

I never heard your goodbye,  
I missed the changing of the tide,  
Suddenly that's all I know.

Life can't so easily pass by,  
How did I get caught up,  
and lost what matters most.

I was never careless or blind  
but here I am,  
I missed all the signs.
