

## Disease

40 Below Summer

Think about your life think about your life in the ground  
Think about your pain think about it then suck it down  
Think about the road think about that your on  
Think about your life now its gone  
Face up and change  
Your time displaced  
No way you're gonna  
Escape  
If you could see through my eyes  
You'll see I'm fucked up inside  
I cant get away I cant get away from this place  
I am drowning in I am drowning in my mistakes  
I cant get it off I cant get it off yes its real  
I cant get it off theirs nothing to feel  
No life this is the  
Last time I've got it  
All wrong right from it\_\_  
If you could see through my eyes  
You'll see I'm fucked up inside  
Cant you just see it's a trap  
You been jacked you been smacked you been cracked  
It's a fact in the black that's designed to hold you back  
You can try you can die you can fly you can run you can hide  
But the pain that you feel inside  
You been hooked you been booked you been shook you been took  
Why cant you take a look  
Take a look [repeat]  
You're gonna burn and bleed on your knees gonna  
Feel the freeze as you feel my disease [repeat]  
My disease [repeat]
