

## How Long

40 Below Summer

Don't touch me, you're filthy and dirty, you're making  
me sick

Disgusting how you fucking bleed like a bitch  
Aborted, contorted, I'm sick of the shit you put me  
through, so fuck you

(How long) How long does it take to give me an answer?  
(How long) How long will you spit your lies and spread  
them like cancer?

(How long) How long will you keep on driving me crazy?  
(How long) How long till you break me, till you make me  
shut you up?

Unloyal, ungrateful, so hateful, you've shown who you  
are

You cut me and i'll fucking show you the scars  
Imploded, eroded, it's going too far

I come apart and break you

(How long) How long does it take to give me an answer?  
(How long) How long will you spit your lies and spread  
them like cancer?

(How long) How long will you keep on driving me crazy?  
(How long) How long till you break me, till you make me  
shut you up?

How long is my dick bitch?

Suck every inch

How long will you breed this?

Will you feed this in the end?

(How long) How long does it take to give me an answer?  
(How long) How long will you spit your lies and spread  
them like cancer?

(How long) How long will you keep on driving me crazy?  
(How long) How long till you break me, till you make me  
shut you up?

On your knees you suffer in the hole you dug yourself  
And now you beg and bleed you suffer just a little more
