(The money's still long, just livin lavish)  
[ VERSE 1: Richie Rich ]  
What is the meaning of lavish? Yo, I started with a single  
My album's out, so now it's time for me to mingle  
Well, 'lavish' to me is like mail, straight up  
So all you hungry muthafuckas pick a plate up  
Cause I'm about to feed you some dope shit  
And I'ma sit and sit and sit until it's bit  
I'm tired of the muthafuckin hype  
About the black brothers gotta be a stereotype  
You see, lavish is a one-way ticket  
And on the back is boldly stamped: 'It's time to kick it'  
Me, D-Loc, DJ Daryl and Young Tone  
We put some shit together for the microphone  
And it's lavish

I ain't sweatin that, that ain't lavish  
Because back in the days we used to have this  
Lavish to me is watchin girls all plex  
Niggas get to trippin cause I work Rolex  
I gives a fuck about a nigga and a punk-ass bitch  
I'm with the 415, my name is Young Richie Rich  
Just a fresh young brother, no preservatives added  
And that's Double R's definition of lavish

(The money still love, still livin lavish)  
(Takes money to survive)  
[ VERSE 3: Tone ]  
Rich, let me describe the motive of a player  
But first I gotta relax my feet and smoke a tailor  
Cause I'm about to spit it straight from the set  
Give it to em all as lavish as lavish can get  
First topic is monetary  
Can you hand
