

## Bigger Than Life

4HIM

Life - sometimes such a bully  
It sneaks up and knocks us to the ground  
Life - seems to show no mercy  
Well It laughs at us and kicks us when we're down

Well I've been there in it's shadow  
And the time has taught me this  
If we look over its shoulder  
We'll see that our god is

Bigger than life  
Bigger than anything that comes our way  
Bigger than life  
Bigger than any problems we might face  
Our god is so amazing beyond all we can say  
So hearts of faith take courage come what may  
He's bigger than life

We, we all have had our bruises  
When life has led us to a painful place  
Time and again hasn't our God proven  
He can handle any struggles that we face

Well he'll be the same tomorrow  
As he's been through all the years  
So even when this life's not fair  
We have no cause to fear

Bigger than life  
Bigger than anything that comes our way  
Bigger than life  
Bigger than any problems we might face  
Our god is so amazing beyond all we can say  
So hearts of faith take courage come what may  
He's bigger than life

Our god is so amazing  
Beyond all we can say

Bigger than life  
Bigger than anything that comes our way  
Bigger than life  
Bigger than any problems we might face  
Our god is so amazing beyond all we can say  
So hearts of faith take courage come what may  
He's bigger than life
