

Time to go,  
I have to leave you.  
You'll blink your eyes  
And I'll be gone.  
I sing your favorite song one last time to you,  
And when I'm out of view I break down and start to cry.

Chorus  
I couldn't fight these tears even if I wanted to.  
Every day again.  
You can't imagine how much I love you  
Eobane

Every day feels like the same old day  
Since the day I walked away.  
And sleep is just some distant stranger.  
(When I'm without you)  
Who sings your favorite song for you now?  
When no one's watching me I break down and start to cry.

Chorus  
I couldn't fight these tears even if I wanted to.  
Every day again.  
You can't imagine how much I love you  
Eobane

I miss it, too  
See you  
Hear you  
To tell you  
The things I do  
I love you!

You took my heart by storm.  
When I'm without you it feels so old and worn.  
Not bad for a girl who's barely born.

Daddy sings your favorite song  
Daddy sings your favorite song  
All the time  
And I cry  
All the time

Chorus  
I couldn't fight these tears even if I wanted to.  
Every day again.  
You can't imagine how much I love you  
Eobane
