

# Hollow Man

4Lyn

My weakest moment  
When hope was lost  
My worst opponent  
The man I was  
The faked surface  
The broken core  
went out the window  
and through your door

You see me even if a shadows all I show  
Complete me with everything I can't be on my own  
You feel me even through the walls around my soul  
You free me when all I am is hollow

When I lost my path you've keep guidin' me  
All this wrath that grew inside of me  
disappeared when you lied with me  
And when all I knew was futile and dark  
And my flame burned low, you kept sparkin' it  
Made my road by walkin' it with me

You see me even if a shadows all I show  
Complete me with everything I can't be on my own  
You feel me even through the walls around my soul  
You free me when all I am is hollow

When I gave up life  
You gave it back to me  
Same with pride and authenticity  
You and I... we were meant to be

And when all I knew was futile and dark  
And my flame burned low, you kept sparkin' it  
Made my road by walkin' it with me
