5 After Midnight

Stop
You gotta breathe
Take a break
'Cause you've been running, running, through my mind
I
Get your steam and you'll gon' burn up the place
If I don't rain, rain, on your flames

It's alright (it's alright)
It's alright (it's alright)
Damn baby, you blow my mind

It can be us for the night 'cause you'll save me a slice
It's alright, I won't bite
'Cause I got what it takes and I don't wanna wait
So come on, I don't wanna hockey
I just wanna taste
I just wanna taste

All
I want to say
Is you got my attention babe
I
Wanna turn your night into day
And we can play, play, play the game

It's alright (it's alright)
It's alright (it's alright)
Damn how'd you get so fine

It can be us for the night 'cause you'll save me a slice
It's alright, I won't bite
'Cause I got what it takes and I don't wanna wait
So come on, I don't wanna hockey
I just wanna taste
I just wanna taste

I just need a taste for your love to take me so high (so high)
So high (so high)
And I don't wanna wait for your love to take me so high (so high)
So high (so high)
I just need a taste for your love to take me so high (so high)
So high (so high)
And I don't wanna wait for your love to take me so high (so high)
So high (so high)
I just wanna taste
I just wanna taste
