

# BLENDER

## 5 Seconds of Summer

[Verse 1: Luke]

Is it only the way you are?  
Other way across the room  
With a knife inside your heart  
I feel it, too  
Is it just the way we are?  
Always burning through the roof  
Well, I guess only the stars would know the truth

[Pre-Chorus: Luke, All]

I died for you, I died for you  
I died for you (For you)  
I tried for you, I tried for you, I tried  
And all I need is-

[Chorus: Luke, All]

All the things you said in my head  
Ricochetting on the bed  
Nothing left, what a mess  
Oh, my God, it never ends  
Now we're stressed and depressed  
And we're going 'round again  
In an emotional blender

All the things you said in my head  
Ricochetting on the bed  
Nothing left, what a mess  
Oh, my God, it never ends  
Now we're stressed and depressed  
And we're going 'round again  
In an emotional blender

[Verse 2: Luke, All]

Is it just the way we are?  
Always burning through the roof  
Hence you got me loving at the moon (Ooh)

[Pre-Chorus: Luke, All]

I died for you, I died for you  
I died for you (For you)  
I tried for you, I tried for you, I tried  
And all I need is-

[Chorus: Luke, All]

All the things you said in my head  
Ricochetting on the bed  
Nothing left, what a mess  
Oh, my God, it never ends  
Now we're stressed and depressed  
And we're going 'round again  
In an emotional blender

All the things you said in my head  
Ricochetting on the bed  
Nothing left, what a mess  
Oh, my God, it never ends  
Now we're stressed and depressed

And we're going 'round again  
In an emotional blender

[Bridge: Luke]

Oh-oh, oh-oh-oh  
Oh-oh-oh, oh-oh-oh  
Oh-oh, oh-oh-oh  
Oh-oh-oh, oh-oh-oh  
Oh-oh, oh-oh-oh  
Oh-oh-oh, oh-oh-oh  
Oh-oh, oh-oh-oh  
Oh-oh-oh, oh-oh-oh  
Oh-oh, oh-oh-oh  
Oh-oh-oh, oh-oh-oh

[Outro: Luke]

Oh-oh, oh-oh-oh  
Oh-oh-oh, oh-oh-oh  
And all I need is-  
Oh-oh, oh-oh-oh  
Oh-oh-oh
