5 Seconds of Summer

Angel above me
You been callin' me a lowlife
You take my money
And you spend it on a power trip
You keep on sayin' that I gotta get my soul right
You wanna hold me but I gotta get a grip

But I wanna have fun
I wanna get high
I wanna get drunk
(When you gonna grow up)

I wanna do
I wanna make love
I wanna get
(When you gonna grow up)

Get a pink limousine
Creme de la creme
You know what I mean

I know you can make me
A man from a monkey

So you're movin' on
But I'm beggin' you to
Wait for me
Wait for me

On the other side
When the honey hits you
Wait for me
Wait for me
Wait for me

I know that I lost all
Lost all control
I know that I got to
I got to evolve
I know that I lost all
Lost all control
To la la la la love you
I got to evolve

Don't get me wrong
I know it's hard to love me
'Round and around
An emotional junkie
Chill, baby, chill
I'm just late to the party
I know you can make me
A man from a monkey

But I wanna have fun
I wanna get high
I wanna get drunk
(When you gonna grow up)

I wanna do
I wanna make love
I wanna get
(I'm gonna throw up)

Up for a week
Freak energy
You know what I mean

I know you can make me
A man from a monkey

So you're movin' on
But I'm beggin' you to
Wait for me
Wait for me

On the other side
When the honey hits you
Wait for me
Wait for me
Wait for me

I know that I lost all
Lost all control
I know that I got to
I got to evolve
I know that I lost all
Lost all control
To la la la la love you
I got to evolve
Evolve
Evolve
Evolve
To la la la la love you
I got to evolve

During development, girls brains tend to mature about 1 to 2 years earlier than boys'
This may be due to earlier myelination which can occur 2 to 3 years sooner in girls
As a result, it is considered that girls are more ready to learn earlier than boys

I know that I lost all
Lost all control
I know that I got to
I got to evolve
I know that I lost all
Lost all control
To la la la la love you
I got to evolve
