

No. 1 Obsession

5 Seconds of Summer

I
I know that boys don't cry
But I got teary eyes
Oh, baby, can you sympathise? (Sympathise, sympathise)

Please
Just tell me it's alright
And tell me I'm your type
I'll keep your hunger satisfied (Satisfied, satisfied)

Everything I need's right here
Everything I see, right here
In your reflection
God, you make me feel alive

Crush me with the sunshine of your heart
Shine a light on all my darkest parts
Take me to heaven
Kill the depression
Make me your number one obsession
Take me to heaven
Kill the depression
Make me your number one obsession

I can't fall asleep
It's like I'm in a dream
Lucid energy
Taking over me
I'm dying for a little bit of your affection
I'd do anything to be the only one that you think of

Crush me with the sunshine of your heart
Shine a light on all my darkest parts
Take me to heaven
Kill the depression
Make me your number one obsession
Take me to heaven
Kill the depression
Make me your number one obsession

Save me from the dark
Sunshine of your heart
Come save me from the dark
Sunshine of your heart

Crush me with the sunshine of your heart
Shine a light on all my darkest parts
Take me to heaven
Kill the depression
Make me your number one obsession
Take me to heaven
Kill the depression
Make me your number one obsession (Obsession)
