

## Safety Pin

### 5 Seconds of Summer

Runaways, we're the long lost children  
Running to the edge of the world  
Everybody wants to throw us away  
Broken boy meets broken girl  
You said you tried it all before  
And it only makes it worse  
Oh but this time, maybe this time  
Two wrongs make it right

We'll safety pin, the pieces of our broken hearts back together  
Patching up all the holes until we both feel much better  
Deleted things I'm feeling bad, so now I'll say the things I ne  
ver sent  
We'll safety pin, the pieces of our broken hearts back together

Throwing rocks at your broken window  
Only you can cure my sickness  
Raise ourselves and a middle finger  
Cause they all think we're twisted  
Once I got a little taste  
Now I'm addicted to your fix  
Oh yeah this time, maybe this time  
Two wrongs make it right

We'll safety pin, the pieces of our broken hearts back together  
Patching up all the holes until we both feel much better  
Deleted things I'm feeling bad, so now I'll say the things I ne  
ver sent  
We'll safety pin, the pieces of our broken hearts back together

No more waiting, we can save us from falling (5x)  
This time, maybe this time

We'll safety pin, the pieces of our broken hearts back together  
Patching up all the holes until we both feel much better  
Deleted things I'm feeling bad, so now I'll say the things I ne  
ver sent  
We'll safety pin, the pieces of our broken hearts back together

No more waiting, we can save us from falling (4x)
