

# The Only Reason

5 Seconds of Summer

Oh oh,  
Oh oh,  
Oh oh,  
Oh oh oh oh oh oh oh

Don't talk, let me think it over  
How we gonna fix this?  
How we gonna undo all the pain?  
Tell me, is it even worth it?  
Looking through a straight line  
Taking back the time we can't replace

All the crossed wires  
Just making us tired  
Is it too late to bring us back to life?

When I close my eyes and try to sleep  
I fall apart, I'm fighting hard to breathe  
You're the reason, the only reason  
Even though my dizzy head is numb,  
I swear my heart is never giving up  
You're the reason, the only reason

I feel you burning under my skin  
I swear I see you shining  
Brighter than the flame inside your eyes

Bitter words spoken,  
Everything broken  
It's never too late to bring us back to life

When I close my eyes and try to sleep  
I fall apart, I'm fighting hard to breathe  
You're the reason, the only reason  
Even though my dizzy head is numb,  
I swear my heart is never giving up  
You're the reason, the only reason

Oh, oh, oh, only reason, the only reason  
Oh, oh, oh, only reason, the only reason

Don't talk, let me think it over  
How we gonna fix this?  
How we gonna undo all the pain?

When I close my eyes and try to sleep  
I fall apart, I'm fighting hard to breathe  
You're the reason, the only reason  
Even though my dizzy head is numb,  
I swear my heart is never giving up  
You're the reason, the only reason

When I close my eyes and try to sleep  
I fall apart, I'm fighting hard to breathe  
You're the reason, the only reason  
Even though my dizzy head is numb,  
I swear my heart is never giving up

You're the reason, the only reason
